Committee on Appropriations Has Approved Bill To Pay States Part on WPA Projects

W. T. will receive more than \$30,000 to carry on the program of campus improvements if the emergency appropriation bill finally passes the legislature and is approved by Governor Allred.

The Appropriations Committee of the House has approved this bill to pay the state's part of the WPA projects on the campus which have not been completed.

The only items eliminated by the House committee called for paving in front of the ten cottages, and completion of the tennis courts.

Other items included will pay the state's part of materials on the recreation hall, the laundry, the garage, and completion of Buffalo Stadium.

The other items were rejected at this time because they were not considered emergencies, and will be taken up by the appropriations committee when the regular budget is considered.

According to the Board of Control the printed budget for the coming two years will be ready for distribution among the members of the legislature some time this week.

## P. T. A. To Bring Marionette Show Here February 25

The Rufus Rose Marionettes will appear at the High School auditorium on Thursday, Feb. 25, under the auspices of the Canyon Parent-Teachers Association, according to an announcement made this week by Mrs. R. E. Ball.

This company is made up of veterans who have spent their lives in this work. Rufus and Margo Rose have personally produced and traveled with their own shows for years. Mr. Rose was supervisor of the A. & P. Marionette Carnival at the Chicago Century of Progress Exposition, and he and Margo Rose personally created many of the marionettes which are still remembered by those fortunate enough to have seen them there.

Mr. Rose has for years been a leader in the world of marionettes. His articles on how marionettes are made in "Popular Mechanics" are used for reference all over the world. Margo Rose is an outstanding artist in the field of sculpture. She won her laurels in modelling marionettes more than ten years ago and made the marionettes which will be used here.

Mr. Rose is assisted this season by Martin and Olga Stevens, past-masters in the legitimate theatre. Reports already coming in from their tour of the southwest indicate tremendous success: Jackson, Miss.; "Rufus Rose is the only marionette show to be acceptable to Jackson public. We endorse them enthusiastically and want them back." Eldorado, Ark.; "Two excellent performances — heartily endorse the show — would like to book them again."

Two shows will be given on Thursday, Feb. 25: at 2:30 p. m. the marionettes will present especially for children, "Snow White and the Seven Dwarfs," and a Marionette Carnival; at 7:30 p. m. "Treasure Island," and a Marionette Carnival, for all people from eight to eighty!

Everyone is sure to enjoy these performances which are being sponsored by the local Parent-Teachers Association of the High School.

## Buffaloes Leave Friday For Tour So. Texas Games

After almost ten days layoff, Coach Al Baggett leaves Friday with his squad of Buffaloes for a tour of South Texas colleges.

Before their return trip, the Buffs will travel to Alpine to wrestle with Burnice Graves' Sul Ross State Teachers College. This game will mark the resumption of cage hostilities with the Alpine institution.

## Work on New Club House Under Way

Half Enough of Native Building Rock for the Structure Is Already at Country Club Grounds

Work has started on a new club house at the Canyon Country Club, and half of the building stone necessary is already on the grounds, according to J. L. Duflot, general manager of the club. R. A. Terrill, building superintendent at the college, is drawing plans for the structure.

Plans of the board of directors are to build the foundation and part of the wall of one unit this year and to complete the remainder in three or four years, Mr. Duflot said. The project was endorsed at the annual meeting of the stockholders in January, and the board of directors ordered the building committee to proceed with the work. Costs of the building will stay within the income furnished by the club dues.

The building is to be situated 150 yards west of the present keepers residence where it commands an excellent view of the surrounding grounds. The visible part of the structure is to be of native dolomite rock from the Tom Downen place, and should add to the natural scenic attraction of the grounds.

Work is to be done by the keeper under the direction of the building committee composed of J. L. Duflot, chairman, Ed Mickle, and Ross Craig. Specialized skilled labor will be employed from time to time, Mr. Duflot said.

General plans call for a reception room 24x36. The basement will house lockers and toilet facilities.

"When the building is completed the Canyon Country Club house will be one of the most attractive social centers in the Canyon community," Mr. Duflot said.

The Canyon Country Club is the oldest organization of this kind in the Panhandle having been formed in 1906.

## Freshmen Meet Portales Quintet Here This Week

In their second home appearance of the year, the West Texas Yearlings will tangle with Al Gatten's Portales Junior College Greyhounds in Burton Gymnasium Friday and Saturday nights.

The cagers of Coach Bob Cox split a series with the New Mexicans on their home courts recently. Thus far this season, the Frosh have realized two wins in their four encounters.

Saturday night at Plainview, the Frosh displayed a listless form to succumb to the Wayland Jackrabbits 30-27. Coach Bob Cox has indicated that he will commence with Schur and Toles at forwards, Kendrick at center and Taylor and Payne at guards in the Portales fray.

Game time will be at 8 o'clock. Admission prices will be 25 cents and 10 cents to those not holding activity tickets.

## YOUR LEGISLATURE IN SESSION

Looking in on your legislature is quite a treat.

You see so many things which never occur any place on earth outside the legislative hall. Some men act peculiar when elected to a position of authority and are free to say and act as they please, limited only by rules of the legislative assembly.

Governor Allred, "Jimmie" to thousands of close personal and political friends, is very much in the saddle. So far during this legislative session the Governor has ruled. He selected and elected a Speaker. Young Speaker Bob Calvert is performing wisely, but the fireworks have not really started. When the test of real fire comes, young Calvert will have a battle to hold down the big, unruly House.

The Senate so far has been kind to the Governor. But the Senate is much more deliberative, and much more free from the beck and call of the Executive department of government. The Senate, when it takes the notion, will thumb its nose at the Governor, and make him like it. With a four year term of office, a senator is more secure and feels much freer in expressing his opinions.

The youth of the House is very, very noticeable. Youth rules, and so far has made itself very much in evidence. Speaker Bob Calvert is in his early 30's. He has appointed chairmen of the important committees youthful friends. In fact half of the House is very, very young as compared with the good old days.

The increase of salary, and the lengthening of the term has slowed up legislative procedure. The legislature has been in session 30 days and very little has been accomplished. When there was only a 60 day session, many important bills would have been passed before the end of the first 30 day period.

Maybe it is best after all—that is, this slow procedure. As a wise old member used to say, "the fewer bills passed by the legislature, the better off the people will be." Maybe after all this is right. At least the members are taking more time to discuss these important measures than under the old system.

Our own Representative, Jack Little, has been in bed with a case of mumps for the past week. Jack is certainly working at his new job in Austin, and is spoken of very, very highly by fellow members.

## PEACE AT LAST

A frail, wrecked body, drawn by years of intense suffering was laid at rest Tuesday afternoon.

Peace came to that body Sunday morning, when death kindly took the spirit of a good woman. Peace came after years of prayer that death might come and claim the broken body which housed such a brave spirit.

Throughout the 51 years of pain and suffering, not a word of complaint was uttered. Not a harsh word was spoken. Only a kindly and sympathetic smile was seen on the haggard face, as pain gnawed at every joint of the body which had been drawn from sockets by the long years of suffering.

Mother has gone to her peace. A heavenly peace, which we are promised is free of pain, suffering, disease and death. Mother lived a life of peace with her family, her neighbors, her friends. Her great desire throughout these last few years of great suffering was that she might pass into that eternal peace in which she had the uttermost confidence of attainment.

On Mother's Day of 1936 all of the family who were alive had gathered to honor her day. She beamed as she looked at the children, the grand children and the great grandchildren who had gathered to honor her. All of the circle realized that it would soon be broken as mother's second son was low with an incurable disease. But she smiled. She praised her family. And when pain would suddenly seize the poor wrecked body, she continued to smile even through the tears of anguish.

God was kind to the family in sparing a mother like that throughout the formative years when a hopeful soul is so necessary to those whose ideals of life are not made. We learned to take sorrow, suffering and pain without murmur. We learned that a good life among our fellow men was more to be desired than many of the passing fancies of a changing and changeable world.

Peace has come at last. But the memory of a life well spent shall live on and on unbroken and unchangeable.

paper of the promise they made not to bring back the saloon.

The legislature looks with question upon the \$15,000 salary being paid Coach Dana Bible by the University, but wonders what if anything may be done about it. The real fight will probably not be staged until the appropriations bill comes up. Then you will probably read a lot about that \$15,000 contract.

In the meanwhile, coaches in the other big universities of Texas have greatly profited by the big salary Bible is to receive. Matty Bell of S. M. U. and Dutch Meyer of T. C. U. have both received substantial increases in salary, and a longer contract.

Just why can't it rain in the Panhandle? The sun shone only twice in Austin during January. The country is water logged. The people are crying for sunshine and fair weather. They can hardly believe you when you tell them that the drought is still on in the Panhandle.

As usual, Senator Clint Small is looked upon as the authority of the legislature when it comes to delicate points of law. Senator Small has just returned from Washington where he argued the gas law before the Supreme Court. The decision rendered last week on the bill was not nearly so bad for the state as the newspapers made it out, stated Senator Small.

Attorney General Wm. McCraw was in Washington with Senator Small, and working with Railroad Commissioner Ernest Thompson, they see changes which may be made in the present law which will overcome the objections of the Supreme Court. Senator Small wrote and passed the law, fought for it through the courts, in order to save the gas fields of Texas and to protect the small producers of the Panhandle.

The University of Texas is completing the \$10,000,000 improvement program which has been under way for some time. Completion of the administration and library building, and the new state museum are the principal improvements which are now under way to completion. If you go to Austin, do not fail to visit the university.

## SIDELIGHTS

By MARVIN JONES

There are many angles to the farm tenant problem. Land tenantry has increased gradually for a number of years, and every thinking person will agree that it is desirable to check this increase and turn the trend back in the other direction. There are more than two million farm tenants, many of whom desire to be and are capable of being farm owners. But securing a solution to the problem is not easy. The damages of half a century cannot be repaired in a day.

Any approach toward a solution for the tenancy problem must take into consideration these points: It must be made financially profitable to own a small farm home, and a way must be found to finance the purchase of small farm homes by owner-operators on long time payments at low interest rates.

The most important step in making farm ownership profitable is to maintain a fair price for farm products. This question of price is the most important single element in the whole subject. Much progress has been made along this line through the operation of the recent farm acts, but further provision must be made and maintained in order to assure a fair price for the things the farmer raises.

Tenancy is but an outcropping of the real problem. The problem itself is one of price and income. Neither landlords nor tenants have had sufficient income. They have had to compete with a business system which has not taken into consideration their needs.

For a number of years industry received consideration while the farm problem grew. The market for industrial products has been protected to allow prices which brought a profit. Exportation of these products has been encouraged by cheaper freight rates which have not applied to agriculture. Similar discriminations have prevailed. The problem, then, is to bring agriculture into balance with industry.

The question of taxes—state, county, and district—is also extremely important. In most of the states an undue share of the taxes has been borne by the farmer. In many instances, a full property levy is made by both state, county and district units against all lands regardless of whether there is a crop failure or any form of income from the land. Some of the states have already taken steps to improve this condition. Much assistance can be rendered if the others will co-operate also.

I believe it is important that any tenant legislation that is adopted should provide for participation of local citizens familiar with conditions in their own section in administering the program. Wherever possible the tenant should be consulted, so he will feel a personal interest and responsibility in his homestead.

We are all familiar with famous old songs about home—"Home, Sweet Home" and "The Little Gray Home in the West" and others. These songs were not written about a rented shack or a tenant's temporary abode, but about a home in the real sense of the word. It is in the home that the fine and enduring sentiments, the worthwhile traits of character, are begun. That is why homes for the tenant are important to all of us as citizens.

## CLUBS ENJOY SOCIAL AND STUDY AT HUDSPETH HOME

When members of the Junior Woman's Club who were guests of the Woman's Book Club yesterday arrived at the home of Miss Mary E. Hudspeth, they were greeted by the President, Mrs. A. W. Sternberg, Mrs. C. A. Murray, Mrs. J. W. Kleinschmidt, Mrs. M. S. Bishir, and Mrs. Travis Shaw, who compose the program committee of the senior organization.

A wood fire blazing in the fireplace at the end of the spacious living room gave added cheer to an already pleasant occasion, and the tea table with its miniature cactus garden centerpiece reminded the guests that they were to hear a program on the Hispanic American countries.

About sixty member of the two clubs enjoyed the talks of Dr. Hattie M. Anderson and Miss Mary E. Hudspeth. Dr. Anderson gave a brief account of the political background and experience of the countries. Miss Hudspeth told the listeners of the wonderful cultural experiences and achievements of the Spanish peoples, introducing them to poets, novelists, dramatists and essayists who rank with the world's best.

Color and movement were given the program by the singing of Madeline Harp and Ralph Sanders who appeared in costume, and the dancing of Anita Cleland and Pearl Mayben, who were garbed as Mexican senior and seniorita, and gave an interpretation of the Mexican national dance. All four are pupils of Mrs. Tommie Montfort of the Demonstration high school.

The afternoon closed with a social hour with Mrs. Sternberg in Spanish costume presiding at the table from which students had helped with the program served tamales, cakes and coffee. Both clubs expressed their great appreciation of Miss Hudspeth's kindness in inviting the groups to meet in her beautiful home, and to Dr. Anderson and Miss Hudspeth for helping them better understand their neighbors to the south.

The next meeting of the Woman's Book Club will be February 24, at the Education Building of the college, with Mrs. William Ash chairman of the committee giving the program.

VOL. NO. 11.

CANYON, TEXAS, FEBRUARY 11, 1937

NUMBER 21

Cactus  
Cal

Howdy, folks!

That was shure tough luck them Eagles had over at Friona tother night, but here's power to you when you go to that tournament soon, to bring back all them purty honors. And folks, I was never so glad to see any one back in that thar school as I was to see Daniel, Curtis, and Kelly back after their round with the flu.

Well, them there Eaglettes kinda showed what was what by winning over Friona, specially when they passed the ball so pretty. Them Squaws didn't know what to do, they were so dizzy.

Say, girls, did you see them boys from Amarillo that come down here to go to school. Sweetie kinda fell for that there little black-headed one, but say, gals, there's much better-looking boys here in our own school. So what say, folks, let's fall for them instead of for Amarillo or Hereford boys.

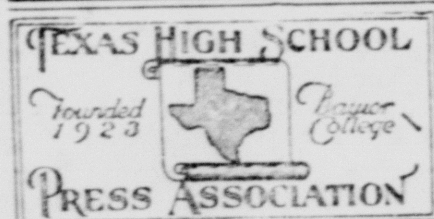

I overheard Mary Catherine and "Bulldog" talking in the press room Monday night, and boy, it was really a good conversation. It seems Mary Catherine just couldn't understand why some boys would go with one girl one night and another the next night, and C. L. couldn't either. Well, Helen Hurst, who was listening like I was, seemed to think it was better that way than to get stuck with one and stay there!

Say, friends, didja know Lillian won a debate and Billy Louise lost two Saturday? Well, they did.

We was really proud of the way our editor, Mary Collins looked against that blue background when she presided as president at the meeting of the P. H. S. P. A. Saturday in Amarillo.

Well, here's to you, folks, till next week.

Cactus.

## DON'T DISTURB ENTERTAINERS DURING ASSEMBLY

Do you remember the first time you were in an assembly program? Remember how nervous you were? Did whispering and giggling in the audience make you feel less nervous?

When students are trying to entertain in assembly, refrain from remarking about them. Maybe you are not enjoying the program; but making so-called "bright remarks" will not make it any better, and it surely will not make you any more respected by anyone who amounts to anything. Not only does this disturbance make the speaker uncomfortable, but it prevents those around you from hearing.

Next time anyone is trying to make assembly programs more interesting, just remember one thing: the Golden Rule.

## ASSEMBLY COMMITTEE SOLVES PROGRAM QUESTION

On Monday mornings and Wednesday afternoons, the school frequently has this problem to face: the club that was supposed to have that assembly is not prepared. But thanks to the Assembly Committee, with the chairman, Mr. Moore, some substitute is always found.

The students want to thank the assembly committee and Mr. Moore for what they have done for us. They have been kind enough to go to the bother of substitutions for their regular programs. Again we thank the Assembly Committee.

## CORRECTION

The names of Dorothy Warwick, junior, and Grant Sharmann, freshman, were inadvertently omitted from the honor roll for the last six weeks.

## Junior Homemakers Give Mystery Drama February 18

Is Hulda's "dumbness" just a pose or did she really murder Walter Eanes? Was Maira Moss really fond of him or is she the "Masked Murderer"? Maybe the fashionable Kathryn Tremayne is guilty. Could a lovable little clinging vine like Rose Lawn murder a man? Is Margaret Carney a detective or a murderer? In reality is Mrs. Moss the meek landlady she seems? Miss Pruden acts mysteriously. Who murdered Walter Eanes? Solve the mystery for yourself! February 18 at 8 o'clock in the high school auditorium, when this thrilling mystery is solved by two college girls, Judith Atkins and Ann Bradley.

The Mystery of the Masked Girl will be presented by the Junior Home Makers Club. Admission will be five, ten and fifteen cents. There will be a load of laughs as well as a thrilling mystery! Don't miss it. Get your tickets now from members of the Junior Home Makers Club.

## BOOK REVIEW

"I Like Diving," by Thomas Eadie, is much more than a narrative of under-sea adventures, thrilling though they are. It is a picture of the science of modern diving at its best, culminating, as it should, in the extraordinary achievements of the picked men—Eadie and his fellows—who worked on the S-51 and S-4 jobs, in bitter cold, in darkness, in dangerous tides and currents, persisting, daring, accomplishing. It is a wonderful record inspiring to youth and lavishly illustrated.

Thomas Eadie, the author, got the Congressional Medal of Honor for his work on the S-4. He had already received the Navy Cross, having done a hundred other difficult and dangerous deep-sea jobs. His experience as a diver covers a period of twenty years. "I Like Diving" tells of Eadie's experiences, and boys especially will enjoy reading it.

## FACULTY STUDY CLUB MEET WEDNESDAY EVENING

The Faculty Study Club met Wednesday evening with Mr. John B. Pope and Miss Elva Pronabarger speakers for the evening.

Mr. Pope spoke on "Curriculum," and Miss Pronabarger on "Results of Curriculum Experiment in Our School." Miss Gladys McClanahan was the chairman of the program. Mrs. Oia Beason, chairman of the refreshment committee was assisted by Mrs. John Davis and Mr. Gerald Brown.

## Program Presented By Speech Class; Home Ec. Class

The public speaking class presented the assembly program last Wednesday, while the first-year Home Economics class presented the assembly program Monday.

Sponsored by Mr. H. G. Moore, the public speaking class gave an informal debate on the subject, "Resolved: That High School Football Should Be Played Only for the Glory of the Game." Dell Bagley and Lillian Chambers took the affirmative side of this proposition, and Jean Slack and Betty Ruth Solomon took the negative side. Each team built its case around the discussion which had been held in class on this subject. Mr. Moore plans to have other programs on similar subjects which come up in class discussion.

A style show, which was presented as a slumber party, was given by the first-year home economics class, directed by Miss Pannine Sue Brasuel and Mildred Shuman. The girls wore their dresses which they had made in home economics, and two of them wore pajamas. They discussed styles of school-girls' clothing, and Annie Ruth Schmitz modeled an old-fashioned bathing suit in which she gave a tap dance, accompanied by Anne Maxwell on the piano. Fern Walters also taped with her pajamas on.

After discussing styles, they decided to eat some candy; so the girls that had been making it came in dressed in their cooking aprons and head dresses. Methods of introducing people were brought in. This program was written by the girls themselves. Those on the program were Lola Mae Carr, Mary Lou Burnett, Dannie Stewart, Anna Ruth Schmitz, Polly Cluck, Anne Maxwell, Fern Walters, Mona McNeill, Pauline Spencer, Sue Terry, Beatrix Burrus, Raynelle Riggsby, Charlotte Beth Henderson, Sunshine Harden, Kathleen Wright, Mary Bourn, Gertrude Miller, Myriell McClendon, Myrtle Parr, and Vera Paye Marsh.

## Eagles Lose Tilt; Eaglettes Win

The Eagles played a losing game with the Friona Chiefs Friday night.

The Eaglettes sextet played a hard fought game and changed their luck by beating the Friona girls 22-24.

Several members of the Eagles team were sick with flu last week. D. A. Butler, Eston Breitting, "Bo" Vandergriff, and Melvin Callahan were unable to play Friday night's game with Friona.

On account of sickness in the team, Coach Morris called the Clovis game off for last Saturday night.

The Eagles will play Amarillo Junior College tomorrow night, and Hereford Saturday night. The Eagles promise to shoot the works to both teams and get back on the winning side.

The Eagles played the Amarillo Sandies last Tuesday night, and took the second victory away from them.

The final score was 45-29. The teams were not very well matched, but the score of the former game at Amarillo was less, being 32-10.

The Eagles and Eaglettes went to Friona Friday night, and the Eaglettes won by a score of 24-22. Three Eagles were sick, accounting probably for the loss of the boys' game. The Chiefs won by a score of 43-26. This was the third defeat the Eagles have suffered this season.

The Eaglettes played one of the best games they have played this season with the Friona girls.

## Saint Valentine's Day--- Past, Present, And Future

Valentine Day in the past has been very emotional, with the boy sending a big lacy valentine to his girl. One person very seldom sent more than one valentine, and this valentine really meant something, because the person that received it knew that the person that sent it really was his or her "fellow" girl. These valentines were always big and beautiful, with huge amounts of lace and many folds, with emotional poetry. Once a girl received a valentine, she kept it and treasured it for many years to come.

The valentine of old is now swiftly vanishing, and a valentine of modern times is, or rather has, taken its place. A modern boy sends a valentine to all his acquaintances of either sex, which are received and put in a box and sent back to him the next year or two as the case may be; or if the friend has plenty of money the valentines are promptly referred to the waste paper basket under the name of the person who sent them has been read. The verse or poem is seldom read, and the valentine is seldom opened, because the modern one is not made of folds and lace like that of the past. In the modern times the boys do not let their minds settle on one girl but a short time; they are able to be out with one girl one night and out with another the very next night and are likely

## Press Association Convenes In Amarillo Saturday

## Canyon Debaters Debate For First Time

Canyon High School debaters debated last Saturday for the first time this season, in Amarillo, winning one debate and losing eight. Billie Greenfield and Lillian Chambers won their first debate over Hereford. They lost to Littlefield and Amarillo. In each debate they had the affirmative side of the question. "Resolved: That the Manufacturing of Munitions of War Should Be a Government Monopoly."

Sherman Higdon and John B. Pope lost both of their debates, debating the negative side of the question with Littlefield, and the affirmative side with Amarillo.

Sarah Thompson and Mildred Shuman debated the affirmative side of the question with Amarillo, Pampa, and Hereford, losing all three debates. Marielle Oldham and Mildred Shuman, debating the negative side of the question, lost to Littlefield.

This was not a regular tournament; it was just a series of debates for practice.

## Phillips Speaks to La Tertulia

Mrs. Frank R. Phillips entertained members of La Tertulia, the Spanish club, last Friday at their regular meeting. She told of the trip to Mexico she and her husband made during the Christmas holidays.

Mrs. Phillips told of some humorous experiences they had and described the social conditions of the Mexicans. While in Mexico they had a chance to visit a Mexican school.

Mrs. Phillips brought back with her many postcards and specimens of Mexican money, which she passed around for personal inspection by La Tertulia members. The Phillips' saw the Mexican jungle and visited the pyramids, many scenes of which were on the post cards.

## LAUGHERY GIVES PARTY

Members of the Junior Class were entertained with a party last Thursday evening at the home of Zella Laughery.

The guests spent the evening playing games of all kinds. Due to the illness of the sponsor, Mr. Gerald Brown, Mrs. Carl Laughery acted as sponsor.

At the close of the hour, refreshments of punch and cookies were served to the twenty-six present.

Marie O'Donald was entertainment chairman of the party.

## JUNIOR PLAY PROGRESSING

The Junior play, "A Poor Married Man," which was chosen several weeks ago, is progressing nicely, according to the directors. Monday, Wednesday, and Thursday nights have been chosen for practice.

The date for the play to be given is not definite, but it is planned for the first week in March.

The Eagle's Tale staff attended the fourth annual meeting of the Panhandle High School Press Association last Saturday in Amarillo.

The 150 young newspaper men and women gathered at the Amarillo High School at 9 o'clock, where they registered. The general morning meeting was in the Amarillo High auditorium. The program consisted of several songs by the girls' sextet, Ann Patton, Betty Holloway, Margaret Moore, Maxine Jordan, Rachel McDowell, Edythe Strickland, and Faye Nicklaus, accompanist, all of Amarillo. The Amarillo High School band groups gave several numbers, followed by two songs by Kay Davis of Amarillo. Mary Petrie, co-editor of the Amarillo Sandstorm, welcomed the visiting journalists, and Hampton Stennis of Pampa, vice-president of the P. H. S. P. A., gave the response.

After a short business session, the group was addressed by John McCarty, associate publisher of the Amarillo Globe-News, who was principal speaker for the morning.

John McCarty said, in his opening remarks, that "newspaper writers have achieved a professional status comparable with any of the more formal professions."

"Newspapers and newspaper work is changing fast, and the radio has done away with the necessity of a paper's issuing extras every time a big story breaks."

"The development of high school papers will go far toward bringing the newspaper profession into a greater future."

"Headlines are being simplified, a greater use of pictures is taking place, and more regional and local news is being played up," he said. McCarty gave three pointers that would make a successful reporter. He said, "Be accurate, be dependable, and keep confidences."

"Don't write what you want to write, but write what the public wants to read about," summed up his address.

A luncheon was held in the Amarillo High School cafeteria following the morning session.

Gene Howe, editor and publisher of the Amarillo Globe-News, was introduced by Mary Collins, toastmaster. He gave a few brief tips on reporting and related some of the events of his earlier reporting days.

The 150 Amarillo and visiting journalists broke up in small groups, headed by faculty sponsors, for discussing the various angles of writing straight news, sports, editorials, and features.

Miss Ruth Prather Midyette of Pampa had charge of the news story. Mrs. Ross Ayres, of Lubbock had the round-table discussion on sports. The features were handled by Miss Maudie Joe Fields of Borger. Miss Pauline Crittenden, sponsor of the Eagle's Tale conducted the discussion on editing the school paper, and editorials were discussed by Miss Claudia Everly of White Deer.

After the various sessions the group again met in the auditorium, where they heard reports of the resolution and amendment, membership and nomination committees.

The Tumbleweed of the W. T. Training School was the only newspaper voted into the P. H. S. P. A. this year.

Following the afternoon session, the entire group went to the Crystal Ballroom in the Herring Hotel, where they heard Wes Izzard, production manager of KGNC, put on his afternoon broadcast and give a short talk on "News on the Air."

He said, "Radio in general is divided into three groups, the spot newscast, news broadcast from the source of the happening, and interpreted news by commentators." Izzard said, "There is going to be lots of room for journalists in the radio news work in years to come."

"The advent of radio newscasts will change the tone of the daily newspapers."

He explained this by pointing out that since the spot news was being broken over the air these days, it would leave the newspaper with more space to devote to interpreting the news happenings of the world.

The presentation of the trophies wound up the afternoon session.

The Bulldog's Growl, Borger High School paper, won the cup for the best all-round paper. The Pampa News presented this trophy. The Westerner World, Lubbock High School paper won second; third place went to the Sandstorm, Amarillo High School paper.

The best editorial was written by Bill Clark of the Lubbock Senior High School. The trophy was presented by the Canyon News. Mae Belle Tomlin of White Deer High won second; third place went to Mary Petrie of Amarillo High; C. L. Drummond, managing editor of The Eagle's Tale of Canyon, won fourth.

Paul Jones of the Amarillo High

## BADGERS AND WHITE FACES VS. EAGLES

The Eagles will play the Amarillo Junior College Badgers in a basketball game here Friday night in the high school gymnasium.

Saturday night the Hereford White Faces invade the local gym for a return game with the Eagles.

The Eagles have not played the Amarillo College Badgers yet. They have a strong team and will furnish the Eagles with the kind of competition needed to put them in shape for the district tournament next week.

The Hereford White Faces will try to even scores with the Eagles for a 30-16 defeat handed them in their previous encounter. The Eagles are expected to emerge victorious in their final game before the district tournament.

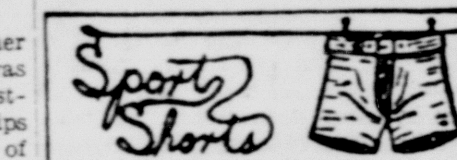

The Hereford girls defeated the Eaglettes by a large margin in their first encounter and Eaglettes are out to even the score.

The game will be a tight, hard fought one, and will furnish the crowd with the excitement they want.

## F. F. A. Boys Go To Hereford

Twenty Future Farmers of America boys journeyed to Hereford Wednesday to observe a soil conservation project. The group reached their destination in Hereford about 9:30 o'clock in the morning, and worked on the project until 3 o'clock that afternoon. They observed different types of land and silos.

Those making the trip were Glynn Persons, Billy Davis, Billy Fly, J. D. Breitting, Carol Dooley, Joe Crowley, Glen Moss, Lewis Steen, Louis Tuck, Glen Campbell, Herbert Kuhlman, Lavert Ament, Thomas Harris, Lester Smith, Charles Gerald, Jack Sanders, Billy Bewley, Barnett Ball, Raymond Bible and R. E. Prichard.

## SPORTS SHORTS

The Eagles played a losing game with the Friona Chiefs Friday night.

The Eaglettes' sextet played a hard-fought game and changed their luck by beating the Friona girls 22 to 24.

Several members of the Eagles' team were sick with flu last week. D. A. Butler, Eston Breitting, Mabrey Vandergriff, and Melvin Callahan were unable to play in Friday night's game with Friona.

On account of sickness in the team, Coach Morris called the Clovis game off for last Saturday night.

The Eagles will play Amarillo Junior College tomorrow night, and Hereford Saturday night. The Eagles promise to shoot the works to both teams and get back on the winning side. If it is possible for you to attend these games, then do so, and let's back the "old boys" one hundred per cent.

The Eagles of next year are planning to play the seniors in basketball soon after the district tournament. This practice has been carried out in football, but has never before been tried in basketball. By the way, who's going to win the intramurals this year? The freshmen did last year.

Mr. H. G. Moore and Mr. Milton Sanders visited friends in Clovis and Portales, N. M., during the week end.

Mary Collins spent the week end in Amarillo with her sister, Ethel Ruth Collins.

Miss Jewell Foster visited in Amarillo over the week end.

Miss Mattie Jordan spent the week end at her home in Tulla.

School won the News-Globe trophy for writing the best news story. Bill Wood, Lubbock, won second; Mary Collins, editor of The Eagle's Tale of Canyon, placed third; and May Belle Tomlin of White Deer won fourth.

The Westerner World of Lubbock won first place for having the best paper and for having the best editorial. The Sandstorm of Amarillo won first for having the best news story last year.

Bill Clark of Lubbock Senior High was elected president of the P. H. S. P. A. to succeed Mary Collins. Vice-president is Lillian Chambers of Canyon High; she is taking the place of Hampton Stennis of Pampa.

Lucille Branton, from Borger, was elected secretary-treasurer to succeed Hubert Foster, of Amarillo. The fifth annual meeting will be held in Borger.

## W.T. Golden Gloves Meet Contestants Lose at Ft. Worth

Each of West Texas State's entries in the Golden Glove Tournament at Fort Worth Wednesday and Thursday lost their bouts in the first round of the meet.

The W. T. aspirants had been selected to compete in the tourney by an elimination contest held in Amarillo previous to the cowboy imbroglio.

Coach Herschel Jennings expressed himself as well satisfied with the exhibition of valor and endurance of his team. All of the amateur pugilists who outclassed their W. T. aspirants won the medals in their division.

Leo Jackson, heavyweight, illustrated a determined and plucky exhibition before taking the count in the third round from the 220-pound experienced fighter, Babe Ritchie, from Lubbock.

George Caviness, light-heavyweight, lost by a technical knockout to Earl Crowe, Texas University entry, when he failed to answer the bell at the second round. Caviness' seconds feared that a hard right landed by Crowe had broken his nose.

Donald Howard, lightweight, went down for the count in the first round from a terrific right from Frank Gustov. Buster Hayes, featherweight, also went down in the first division under a barrage of rights and lefts from the clever Everett Baker, of Fort Worth.

## Lincoln, the College Man, Is Paid Honor at Knox on His 128th Anniversary

He was Dr. Lincoln before he was President Lincoln. Yet he never went to college.

EXACTLY 100 years ago, a tall young man, just turned 28, rose to his feet in the Illinois state assembly and voted that the body charter Knox College at Galesburg.

Twenty-one years later, 1858, that same man, now a national figure, stood before the portals of Old Main on the Knox campus and declared slavery to be forever a moral issue. Twenty-thousand persons braved the cold and the rain of a raw October day to hear that declaration, high point of the famous Lincoln-Douglas debates. Abraham Lincoln had made a turning point in history.

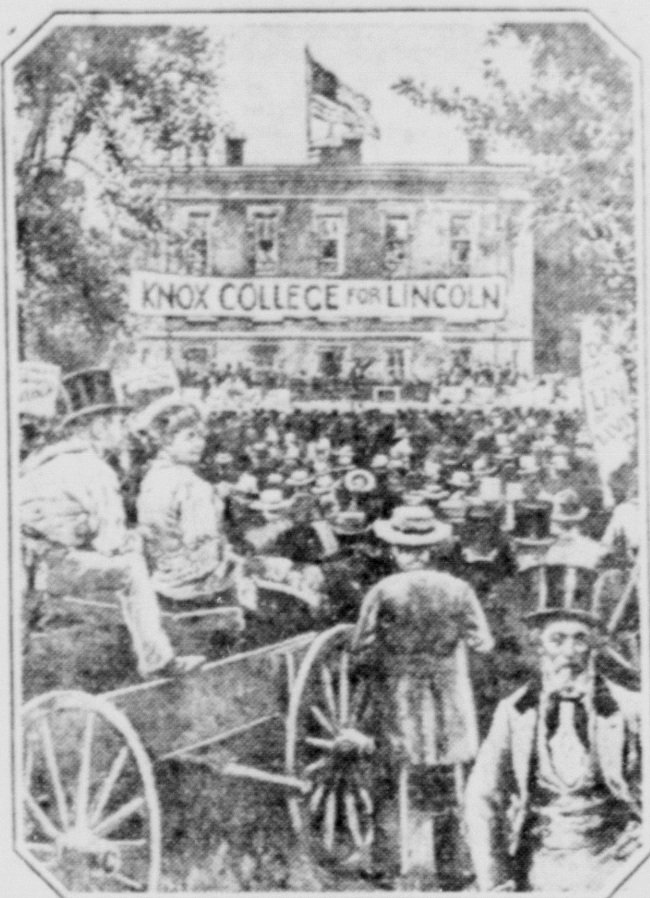

Thus, "it is altogether fitting" a century later that Knox College, celebrating its centennial Feb. 15, pay new tribute to the Great Emancipator whose anniversary falls Feb. 12. For Knox College is in a great sense Lincoln's college.

NOT only did the young lawmaker from Sangamon county do much to charter the original Knox, he became its most distinguished alumnus. His name appears today on the list of honorary alumni of the prairie college. He was Dr. Lincoln—Abraham Lincoln, LL.D.—before he was President Lincoln.

Knox College has, therefore, an abiding claim on Lincoln because it was the first institution of learning to recognize him as an educated man, and accordingly confer on him the first academic honor he had ever received.

One hundred years have passed since Lincoln and his fellow legislators granted the charter to what was then called "Knox Manual Labor College". 100 years since a group of pioneers from central New York set up, in the newly opened prairie, one of America's first colleges, out on this

## Interest of the Backwoods Boy in Education Shows Greatness of Life

To the campus of Knox they came that cold October day; Lincoln was debating Douglas.

128th anniversary of Lincoln's birth there is no greater monument to his memory than his efforts on behalf of education.

EVERY American boy and girl is familiar with the hard facts of "Abe" Lincoln's early life, know that he never went to college, that instead he educated himself reading great books by the light of a pine-knot fire in a log cabin. Yet today we find this same man listed as the "greatest alumnus" in 100 years at Knox.

So Knox, in justly celebrating her centennial this year, focuses at the same time a great side of the man Lincoln. Beginning her celebration Feb. 15, she will end it in June with rededication of the building in whose shadow Lincoln and Douglas debated that historic day in October 1858. Recently this building, now undergoing restoration, was designated a national historic site by the federal government, since it is the only building now standing which is in any way connected with the great debates.

It was in Galesburg, in the shadow of Knox, that Lincoln began the victorious march which ended finally in the presidency. It is in Galesburg that this 128th anniversary honors him as a "learned" man. Somehow one can imagine the living Lincoln would have liked that.

## 15 Suggestions to Keep Fire Hazards at Lowest Point

1. Keep children and fire safely apart. Children can be taught the dangers of fire. Keep matches out of the way of children.
2. Do not throw away cigars, cigarettes, and matches without first extinguishing them. A careless smoker is as bad as an electric storm to burn the buildings.
3. Do not allow accumulations of combustible waste materials in or near the house. Without them fires from carelessly discarded smoking materials would be less frequent.
4. Keep chimneys and stove-pipes clean with all joints and connections tight. Provide separate metal cans for ashes and for rubbish. Never mix.
5. Place substantial fire-resistant guards in front of all wood-work close to sources of heat. The open flames of gas, kerosene, alcohol, and gasoline stoves should be particularly shielded.
6. Keep greasy and oily rags in tightly closed metal cans provided for that purpose.
7. Avoid the filling of lighted lamps. Avoid the use of kerosene to light or quicken fires. The application of heat to kerosene results in the generation of gases which are very explosive.
8. Do not use gasoline, naphtha, or benzene for cleaning. Use some of the safer solutions now obtainable and these, in any considerable quantity, out of doors and during the day.
9. Keep all open flames away from gas leaks. Explosive mixture of gas and air are quickly formed in such places, and they only need a lighted match or taper to cause disastrous results.
10. Avoid hanging lace curtains and other draperies near gas-jets or other open flames. The draft from near-by windows may cause fires quick to spread and difficult to extinguish.
11. Avoid toy wax candles. Each

year a number of deaths of children due to placing candles on Christmas trees produces a sad ending for an otherwise joyful season.

12. Never leave babies alone in the house—not even a minute where there is a lighted lamp or open fire.

13. This is an age of electricity—let's learn to use it with safety. Permit only experienced persons to install or repair electric fittings and appliances. There are definite rules for wiring, which if known and observed will prevent electrical fires. Keep a supply of fuses on hand. Do not use a penny for a fuse. When a fuse burns out replace it with a new one.

14. Turn the current off on an electrical pressing iron or other electrical appliance before leaving it.

15. Two good Safety points: (a) Make it a point to know how to get out of every building you enter. (b) Never sit in a closed room or office. Always ventilate with fresh air. These two precautions may mean the saving of your life and of others in case of fire.

## "Moor Born" To Be Given Soon

"Moor Born," a five-act play will be presented by the Panhandle Players in the auditorium of the Administration Building soon.

Lawrence McBee, as the dissipated son of the Rev. Bronte, heads the cast. Helen Boswell, Sarah Ellen Foster, and Linnette Cain are sisters of the philanthropic genius brother. They spend their lives and all of their efforts in hiding their brother's faults from themselves and from the public. The brother, Brantwell, goes around permitting women, particularly the wives of his employers, to fall in love with him.

The story is set in Rev. Bronte's parsonage on the edge of a Scottish moor. The lonesome winds and rain of the moor have altered the lives of the principals of the story. Genius has bloomed unnoticed in the three Bronte sisters, while the brother has wasted what talent he may have had, and ruined the happiness of his family. "Moor Born" is staged and directed by Miss Mary Morgan Brown, head of the speech department here.

## SPEECH CLINIC AT W. T. HELPS MORE THAN 100

The Speech Clinic, a project of the department of Speech under the direction of Prof. Leon Lassers is rapidly outgrowing the space, time and equipment with which it was begun.

Since it began to function a little over a year ago the Speech Clinic has served more than 100 people, some of them coming two and three hundred miles to secure its help. Patients range in age from babies just learning to talk, to adults. Some come regularly, others come, or are brought at intervals, the re-education which is usually necessary to correct speech difficulties being carried on through correspondence, and parents of children who do not speak normally are referred to books which will enable them to help their children.

Because the Clinic does not yet have a private suite, properly furnished for the work, several patients have been turned away, but Mr. Lassers still has so many with whom he is working that he devotes about five afternoons a week to this activity. Local physicians assist him.
